HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1 Department	CSR	10- Agency, Division	1. General area regulated	010 Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

ple, for an application which was approved during the 2012 application period, funds contributed to the plan account from January 1, 2012 to December 31, 2012, are matched and the grant funds are provided in January 2013. For its first year, the Missouri MOST 529 Matching Grant Program received an overwhelming response. In 2012, during the enrollment period of March 1, 2012 to June 30, 2012, over two thousand one hundred (2,100) applications were received by Upromise. By the end of August 2012, the applications were reviewed and over one thousand nine hundred (1,900) of them qualified for the program. In December of 2012, after contributions for the plan accounts (which are to be matched in an amount up to five hundred dollars (\$500)) were complete, it became clear that the Missouri MOST 529 Matching Grant Program would not be able to fund a majority of the applications received during the March 1 to June 30 enrollment period. For this reason, the Missouri Higher Education Savings Program Board would like to amend the current administrative rule to allow the board to shorten the enrollment period for applications beginning in year 2013. This emergency amendment is necessary to preserve a compelling governmental interest because it will allow the Missouri Higher Education Savings Program Board to shorten the enrollment period to restrict the time in which applicants may apply for the Missouri MOST 529 Matching Grant Program to more effectively and efficiently manage the program. If this emergency rule is not enacted, the enrollment period for the Missouri MOST 529 Matching Grant Program will continue to be too long and will create a burden in the administration of the program. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. Current account owners will be notified of the change in enrollment period through direct mail in their quarterly statements and through an amendment to the plan description which governs the MOST 529 plan. The change in enrollment period will also be communicated to existing account owners and to the public through press releases regarding the Missouri MOST 529 Matching Grant Program and on the websites for MOST and for the Missouri State Treasurer's Office. The Missouri Higher Education Savings Program Board believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed January 23, 2013, becomes effective February 2, 2013, and expires July 31, 2013.

Chapter 4—Missouri Higher Education Savings Program

EMERGENCY AMENDMENT

15 CSR 50-4.030 Missouri MOST 529 Matching Grant Program. This emergency amendment amends subsection (5)(E).

PURPOSE: This amendment removes the reference to the enrollment period of March 1 to June 30 of each year for the Missouri MOST 529 Matching Grant Program and allows for the Missouri Higher Education Savings Program Board to set a different enrollment period.

EMERGENCY STATEMENT: This emergency amendment removes a reference to the period of March 1 to June 30 as the enrollment period for the Missouri MOST 529 Matching Grant Program and allows the Missouri Higher Education Savings Program Board to set a different enrollment period. The Missouri MOST 529 Matching Grant Program began in 2012 and is funded through a limited grant of five hundred thousand dollars (\$500,000) provided by Upromise Investments, program manager of MOST. The program is designed to last for four (4) years and provides a dollar for dollar match to funds contributed to a plan account up to five hundred dollars (\$500) in a given year. Because funds are limited, applications are approved on a first-come, first-served basis. Funds contributed during the calendar year of a year an application is approved are matched. For exam-

(5) Application Requirements.

(E) Applicants must submit a matching grant application during the enrollment period [of March 1 to June 30 of each year] as set by the board.

AUTHORITY: section 166.415, RSMo Supp [2011] 2012. Emergency rule filed April 5, 2012, effective April 15, 2012, expired Jan. 23, 2013. Original rule filed April 5, 2012, effective Oct. 30, 2012. Emergency amendment filed Jan. 23, 2013, effective Feb. 2, 2013, expires July 31, 2013. A proposed amendment covering this same material is published in this issue of the *Missouri Register*.

ORDER TERMINATING EMERGENCY RULE

By the authority vested in the Missouri Consolidated Health Care Plan under section 103.059, RSMo 2000, and section 103.078, RSMo Supp. 2012, the director hereby terminates an emergency rule effective February 27, 2013, as follows:

A notice of emergency rulemaking containing the text of the emergency rule was published in the *Missouri Register* on October 1, 2012 (37 MoReg 1441-1446).

**Title 22—MISSOURI CONSOLIDATED
HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership**

ORDER TERMINATING EMERGENCY RULE

By the authority vested in the Missouri Consolidated Health Care Plan under section 103.059, RSMo 2000, the director hereby terminates an emergency rule effective February 27, 2013, as follows:

22 CSR 10-2.120 Wellness Program **is terminated.**

A notice of emergency rulemaking containing the text of the emergency rule was published in the *Missouri Register* on October 1, 2012 (37 MoReg 1446-1448).

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbol under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

(Bracketed text indicates matter being deleted.)

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2012, MoDOT may issue a SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing a SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.

Title 10—DEPARTMENT OF NATURAL RESOURCES **Division 140—Division of Energy** **Chapter 2—Energy Set-Aside Fund**

IN ADDITION

Notification: Applications accepted between March 1, 2013, and August 31, 2013, for Energy-Efficiency and Renewable Energy Loan Cycle.

The Missouri Department of Natural Resources' (department) Division of Energy provides loan financing for energy-saving investments such as insulation, lighting systems, heating and cooling systems, renewable energy systems, and other measures that reduce energy use and cost.

Loan recipients repay the loan with money saved on energy costs as a result of implementing energy efficiency and renewable energy projects. An energy-saving loan is not defined as debt and therefore does not count against debt limits or require a public vote or bond issuance.

Application Procedures: The department is making available approximately \$5 million in loan financing for qualified energy efficiency and renewable energy projects.

To apply for a loan, eligible entities must submit a completed application form to the department during the open application cycle. The department may request additional information as needed to determine the feasibility of a project and the financial risk of the proposed loan transaction. Applicants must have no outstanding actions for violations of applicable federal, state, or local laws, ordinances, and rules.

Each applicant may apply for a loan not to exceed five hundred thousand dollars (\$500,000). Loan applications below five thousand dollars (\$5,000) will not be considered.

If funds remain after review and priority ranking of applications, the department will consider awarding loans in excess of five hundred thousand dollars (\$500,000).

Eligible Energy-Using Sectors: Loan funds will be allocated to eligible energy-using sectors as follows:

Public Schools (K-12): thirty percent (30%) of available funds; City and County Governments: thirty percent (30%) of available funds;

Public and Private Higher Education Institutions: twenty percent (20%) of available funds; and

Public and Private not-for-profit Hospitals: twenty percent (20%) of available funds.

Interest Rates: Loan principal plus two and one-half percent (2.5%) interest is to be repaid to the department in semi-annual payments not to exceed a ten- (10-) year repayment period. An administrative fee of one percent (1%) of loan principal will be added to the repayment amount.

Selection Criteria: Recipients of loan financing will be determined on a competitive basis. Applications will be ranked based on the project's payback score, which is determined by dividing the cost to implement a project by the estimated yearly energy cost savings. Projects with the lowest payback score in each sector allocation will be funded until all available funds are allocated. If all funds are not allocated in any one (1) sector after ranking payback scores, the department may allocate funds to other sectors. Loan agreements will be awarded by October 31, 2013.
